CERTIFICATES.
Letter from the Hon. Abraham M'Cl-
lan, Sullivan County, East Tennessee, Mem-
ber of Congress.

WASHINGTON, July 24, 1838.
Sir—Since I have been in this city, I have
used some of your Dyspeptic medicine with in-
finite benefit and satisfaction, and believe it to
be a most valuable remedy. One of my con-
sultants, Dr. A. Garden, of Campbell county,
Tennessee, wrote me to send him some, which
I did, and he had employed it very successfully
in his practice, and says it is invaluable. Mr.
Johnson, your agent at this place, thinks you
would probably like an agent in Tennessee. If
so, I would recommend Dr. A. Garden as a
proper person to officiate for the sale of your
celebrated medicine. Should you commission
him, he is willing to act for you. You can send
the medicine by water to the care of Robert
King & Sons, Knoxville county, Tennessee, or
by land to Graham & Houston Tazewell,
East Tenn. I have no doubt but if you had
agents in several counties in East Tennessee, a
great deal of your medicine would be sold. I
am going to take some of it home with me for
my own use, and that of my friends, and should
like to hear from you whether you would like
an agent at Knoxville, Sullivan county East
Tenn. I can get some of the merchants to act
for you, as I live near there.
ABRAHAM M'CLILLAN, of Tenn.
To Dr. Wm. Evans, 100 Chatham st. N. Y.

ABRAHAM J. CREMER, residing at 66
Mott street, New York, was afflicted with Dys-
pepsia in its most aggravated form. The symp-
toms were violent in degree, great debility, fe-
ver, costiveness, cough, heartburn, pain in the
chest and stomach always after eating, impaired
appetite, sensation of sinking at the stomach,
furred tongue, nausea, with restlessness. These
had continued upwards of twelve months, when
on consulting Dr. Wm. Evans, 100 Chatham
street, and submitting to his ever successful in-
creasing mode of treatment, the patient was
completely restored to health in the short space
of one month, and grateful for the incalculable
benefit derived, gladly came forward, and vol-
untarily gave the above statement.
Dr. Wm. EVANS' Medical Office, 100
Chatham street, New York.

THE FOLLOWING CERTIFICATE was
handed to us by Mr. Van Schick, of Albany, a
highly respectable member of our community,
and whose veracity cannot be doubted:
Mr. Septimus Kendall, of the town of Wes-
terloo, county of Albany, was for about 27
years troubled with nervous and bilious affec-
tion, which for 7 years rendered him unable to
attend to his business, and during the last three
years of his illness was confined to the house.
His symptoms were dizziness, pain in the head
and side, palpitation of the heart, want of ap-
petite &c. After expending during his confine-
ment, nearly three hundred dollars without ob-
taining any permanent relief, he became ex-
hausted, and an advertisement of Dr. Wm. Evans
Cambridge and Apertin Pills, was con-
spicuously induced to make a trial of them. A re-
sulting them about a fortnight, he was able to
walk out in four months he could attend to
business, and his confinement had been entirely
removed. The above information was given to
the subscriber by Mr. Kendall himself, there-
fore he can be relied on as correct.

**Another very severe of Inflammatory Rheu-
matism cured by Dr. Wm. Evans' Medicine.**
—Mr. John A. Carroll, of the county of West-
chester, town of North Castle, New York, had
been severely afflicted with inflammatory rheu-
matism for fourteen months with violent pains
in his limbs, great heat, excessive thirst, dis-
tension of skin, limbs much swollen, was not able
without assistance to turn in bed for six weeks.
Had tried various remedies to no effect. Was
advised by a friend of his to procure some of
Dr. Wm. Evans' medicine of 100 Chatham street,
New York, which he immediately sent for, and
after taking the first dose found great relief,
and in continuing its use according to the di-
rections for ten days, was perfectly cured. Allow
me to refer any person to him for the truth of
the above statement.

Dr. WILLIAM EVANS'S
SOOTHING SYRUP
FOR CHILDREN TEETHING.
PREPARED BY HIMSELF.

To Mothers and Nurses.
The passage of the teeth through the gums
produces troublesome and dangerous symptoms.
It is known by others that there is great irri-
tation in the mouth and gums during this pro-
cess. The gums swell, the secretion of the saliv-
ary is increased, the child is seized with frequ-
ent sudden fits of crying, watching, starting in
sleep, and spasms of peculiar parts; the child
suffers with extreme violence, and thrusts its
fingers into its mouth. If these precursory sym-
ptoms are not speedily alleviated, spasmodic con-
vulsions universally supervene, and soon cause
the dissolution of the infant. If mothers who
have their little babes afflicted with these dis-
tressing symptoms would apply Dr. William
Evans's Soothing Syrup, which has preserved
hundreds of infants when thought past recovery,
from being suddenly attacked with that fatal
malady convulsions.
This infallible remedy has preserved hun-
dreds when thought past recovery, from con-
vulsions. As soon as the Syrup is rubbed on
the gums, the child will recover. This prepara-
tion is so innocent, so efficacious, and so pleas-
ant, that no child will refuse to let its gums be
rubbed with it. When infants are at the age of
four months, though there is no appearance of
teeth, one bottle of the Syrup should be used on
the gums to open the pores. Parents should
never be without the Syrup in the nursery where
there are young children, for if a child wakes
in the night with pain in the gums, the Syrup
immediately gives ease, by opening the pores
and heals the gum thereby preventing Convul-
sions, Fevers, &c.
Entered according to Act of Congress, Be-
particular that the label on the box expresses
such. The genuine is vended by Agents only.

**Another severe case of Piles cured at 180 Chatham
street.** Mr. Daniel Spinning of Shrobsbury,
Eden Town, New Jersey, was severely afflic-
ted with Piles for more than 20 years. Had
resorted to medicines of almost every de-
scription, but never found the slightest relief from
any source whatsoever: until he called on Dr.
Evans, of 100 Chatham street, New York, and
procured some medicine from him, from which
he found immediate relief, and subsequently a
perfect cure.

Extract of a letter of Jonas Snyder, Post Mas-
ter, Kennesaw, Pa., to Dr. William Evans.
Among several cases, the following is found:
An elderly lady, who had been 25 years af-
flicted with nervous hypochondria, debility, &c.
that for the last 3 years she constantly received
medical aid from a respectable physician; but
the pressure and pain on her heart and breast,
and especially with weakness in her head and
on her mind, keeping her discouraged to under-
take any thing. In May she commenced using
Dr. Wm. Evans' medicines according to the di-
rections accompanying them. A reaction took
place; the pain and pressure in her body was
removed; her mind became clear and strong; her
spirits perfectly good, and up to this time it is
in all respects restored to health, which for
last ten years has not enjoyed.
(Signed,)
JONAS SNYDER.

September 7, 1838.
**Another recent test of the unrivaled value
of Dr. Wm. Evans' Medicine—DYSPEPSIA.**
TEN YEARS STANDING.—Mr. J. McKen-
zie, 176 Stanton street, was afflicted with
above complaint for ten years, which incapacitated
him at intervals, for the period of six years,
or attending to his business, restored to perfect
ease under the salutary treatment of Dr. Wm.
Evans.
The symptoms were—A sense of distension
and oppression after eating, distressing pain in
the pit of the stomach, nausea, impaired ap-
petite, giddiness, palpitation of the heart, great
debility and emaciation, depression of spirits,
disturbed rest, sometimes a bilious vomiting,
and pain in the right side, an extreme degree of
lassitude and faintness; any endeavor to pursue
his business causing immediate exhaustion and
weakness.
Mr. McKenzie is daily attending to his busi-
ness, and none of the above symptoms have re-
turned since he used the medicine. He is now
a strong and healthy man. He resorted to many
kinds of remedies, but they were all ineffectual.
He is willing to give my information to the af-
flicted respecting the medicinal benefit rendered
to him by the use of Dr. Wm. Evans' medi-
cine.
The above Medicine can be procured of all
Dr. Wm. Evans' advertised agents in the United
States, and throughout the World.
Dr. Evans, in order to prevent the patron-
age of his Medicine being imposed upon by
counterfeits, has had the initials of his medi-
cine countersigned to act of Congress. It
requests them therefore, to be particular in seeing
that the label contain the following notice:
"Entered according to Act of Congress by
Dr. Wm. Evans, in the year 1830, in the Clerk's Office
of the Southern District Court of New-York."

**CONSUMPTION, DISPEPSIA, AND LI-

As the enjoyment of health depends on pre-
serving the functions of the Stomach, Liver, In-
testines and Lungs, in a healthy and vigorous
state, through the operations of which the body
receives its growth, its nutrition, its support, it
can no longer be astonishing that when these vis-
cera are deranged, and cannot perform their pro-
per functions, the whole system suffers and be-
comes disordered. Knowing this to be a sound
and demonstrated fact, in science and experi-
ence, Doctor HUNT'S SYSTEM OF PRACTICE is
instituted according to the laws of Nature, in
natural accordance with the Liver, in vigorous
and healthy action, as the three great foun-
tains of health and life. For this purpose his pills
are compounded of herbs, which strengthen and
equalize the action of the heart, and give an im-
pulse or strength to the arterial system, at the
same time quicken the action of the absorbent
and discharging vessels; and as all the secre-
tions are drawn from the blood, any morbid ac-
tion which may have taken place is removed,
all obstructions are overcome, the blood is puri-
fied, and the body assumes a healthy state.
These pills give tone to the stomach, increase
the appetite, and eminently expel all acid or
morbid matter through the excretory ducts in-
to the passage of the bowels. In all cases of
Consumption, Indigestion or Dyspepsia, Bilious
Affections, or Liver Complaints, Heartburn,
Sourness or Acidity in the Stomach, Tightness

che, Pain in the Head, Back, Limbs and Side,

DIRECTIONS.

operate, two or three times daily. The use of
the pills must be persevered in till a cure is ef-

The Blood has hitherto been considered by
Emetics and others, as the great regulator of
the human system, and such is the devotedness
of the adherents to that erroneous doctrine, that
they content themselves with the simple prescrip-
tion of this fallacious opinion, without en-
quiring into the primary causes from whence
Life, Health and vigor emanate, and *vice versa*,
pain, sickness, disease and death. Not so with
DR. HUNT whose extensive research and
practical experience so eminently qualify him
for the profession of which he has been one of
the most useful members. He contends—and his
argument's reflection will convince any reason-
ing mind of the correctness of his views—that
the stomach, liver and the associated organs are
the primary and great regulators of health, and
that the blood in very many instances is totally
disconnected with the first and succeeding stages
of disease, and that unless a medicine reach
the root of the disease, the superficial sym-
ptoms usually prescribed, serve but as falls to cov-
er the ravages of deep-rooted maladies. Un-
der these convictions, at the expense of years
of close application, the doctor has discovered
a medicine whose searching powers are irresis-
tible, and in prescribing it is with a firm con-
viction of its being a radical cure in the various
diseases already enumerated, even if applied in
the most critical cases, but he does not pretend
